ISSUES BALLOTS FOR DIRECTORS

CHAMBER OF COMMERCE NOW HOLDING FINAL ELECTION TO DECIDE ON BOARD

VOTE FOR TWELVE

POLLS WILL CLOSE THURSDAY NIGHT AT 7:30 O'CLOCK, COMMITTEE ANNOUNCES

Final election ballots for the Glendale Chamber of Commerce directorate are being received through the mails today by the active members of the organization.

Twnty-four names are presented on the ballots and the members are instructed to vote for twelve only. The twelve receiving the highest vote will be declared elected as directors.

Twenty-four names are presented were selected out of the entire active membership at a primary election in which close to 300 votes were cast.

The by-laws of the Chamber of Commerce provide that members must have paid at least one-quarter of their annual dues before voting in the final election.

Letter Accompanies Ballot

E. P. Hayward is chairman of the final election committee and with every ballot sent out is a letter signed by him, as follows:

"Fellow Member: — Enclosed is the ballot to be used in selecting twelve directors from the twenty-four nominees listed.

"The polls close Thursday at 7:30 p. m. The twelve elected will assume the responsibility of directing the activities of this new Chamber of Commerce and will expend during 1921 $15,000, if they deem it necessary, to further the purposes of this new corporation. You have invested your money, now take some time to choose the men you want to spend

Mr. and Mrs. Rigdon Entertain Old Friends

Mr. and Mrs. Nathan Rigdon of 224 West Doran street, had as guests last night a party of Mr. Rigdon's boyhood friends from Maryland, some of whom he has not seen for nearly twenty years. Almost the entire evening was given to recalling the many pleasant events of those early days. The Rigdons assured their guests that a taste of our beautiful California would induce them to return to our state and become citizens, and of course, locate in Glendale, the most beautiful city in the state.

Mrs. Rigdon had prepared a 6 o'clock dinner, plates being laid for the following guests: Mr. and Mrs. S. H. Wilson, Mrs. S. A. Harkins, M. H. Harkins, Mr. and Mrs. I. W. Heaps, Mrs. Josephine S. Wilson, Mr. and Mrs. Rigdon and their son Warren. All of the guests were formerly from Harford county, Maryland. Mr. and Mrs. S. H. Wilson are now living at Downing, Calif., and Mrs. Harkins at Visalia.

Mr. and Mrs. Heaps, Mrs. Harkins and Mrs. Josephine S. Wilson are touring the country, having come by way of New Orleans, and will return the northern route, passing through and stopping for a visit with relatives in North Dakota, reaching home in about sixty days.

Thomas D. Meddick Locates In Glendale

Thomas D. Meddick, formerly connected with the Grand Rapids National City bank and the City Trust & Savings bank of Detroit, Mich., has arrived in Glendale and is preparing to make this city his home. He is accompanied by his wife, their two children and his wife's mother, Mrs. M. L. Wright. They have secured an apartment for the present.

Mr. Meddick says business conditions here, from his observations, are much better than in the middle west. He says a large number of men are out of work there and daily hundreds gather about the newspaper offices to get the first papers off the press to hunt through the help wanted columns.

FEDERATION PRESIDENT QUITS

SAN FRANCISCO, Feb. 23.—The resignation of Mrs. W. B. Hamilton, president of the Federation of Women's Clubs of San Francisco, was in the hands of the executive board of the federation today as the result, according to Mrs. Hamilton, of the limitation of her work by financial restrictive policy of the federation.

Mrs. Hamilton, in commenting on her resignation, said "no big business can be successfully conducted without some expenditures, and I am sorry to say this is something club women do not seem to understand."

Someone Else Beat You There, Mr. Thief! M. Mortensen Laughs

There's one disappointed burglar in this town today.

Morton Mortensen of 914 South Glendale avenue disappointed him.

Mr. Mortensen's home was robbed on the night of February 2. The thief at that time hand-picked the family's valuables and carried them away. All of which have not been recovered.

All other things worth while Mr. Mortensen made secure from sneak thieves.

Last night the daring robber with his little jimmy pried open the back door of the Mortensen home. He ransacked everything. There was little left to his taste.

The police were informed shortly before midnight as the Mortensens had been away during the evening.

"This thief didn't get much," was the laconic report." He followed the other robber too quickly."

Gets Somebody's Goat

W. N. Bott of 657 West Patterson avenue has somebody's goat.

He don't know whose it is. But he's got it. Not because he wanted it, but the goat hung around and he tied it up and told the police he'd keep it until it was claimed.

And in the interim the family washes along Patterson will be intact, for goats do love to chew starched clothes.

There in Big Crowd

"—an' we had coffee free, took our lunches along, saw our second cousins from Des Moines, heard Former Governor Lowden of Illinois speak and a lot of others, too. . . . Oh, yes, we had a good time out at Lincoln park yesterday!"

All of which you would have heard had telephone wires been crossed as they used to be back in Iowa, or if you hung over the back fence this morning, or if you called at the banks, or the city hall, or just about any place in Glendale today.

For yesterday was Washington's birthday—and Iowans held their reunion at Lincoln park. They were there in legion, some 20,000 all told, and Glendale contributed several hundred to that number of picnickers.

Does It Pay? Read!

Three years ago J. F. Stanford advertised a home at 630 North Kenwood street for sale. A. M. Green, a Boston resident, saw the ad, clipped it out and waited until he arrived here this month to negotiate the sale. However, the price doubled in three years' time and Mr. Green paid $7000 for the place which could have been purchased in 1917-18 for $3500.

All of which indicates two things: The length and strength of pulling power in advertising and the wonderful opportunities which present themselves in Glendale for home investors.

Attend Meeting Of Club At Hollywood

Mrs. W. E. Evans of 333 North Orange street had as her guest last night Mrs. Mabel Franklin Ocker. Today Mrs. Evans, Mrs. Ocker and Mrs. Andrew Findley will attend the Hollywood Women's club as the guests of Mrs. Carter, the secretary.

The program is to be by Elizabeth Eaton Burton and Alice Muma, who will soon appear at the Tuesday Afternoon club. These two ladies will present the play, "Washington, the Man Who Made Us," the one reading the play and the other singing the ballads.

Independent Postal Office Up to C. of C.

For eight years the question of persuading the United States Postoffice authorities that an independent postoffice should be established at Glendale has been up for consideration, and now since the Chamber of Commerce is taking on new life, the improvement of postoffice conditions in Glendale should be put over the top.

Walter F. Lineberger, Congressman-elect, will undoubtedly be ready to join with Glendale boosters in carrying out this worthy project.

WILL YOU HELP DISABLED BOYS?

HERE'S CHANCE TO DO GOOD TURN TO EX-SERVICE LADS NOW AT THORNYCROFT

AUTOS AND 'FEEDS'

MACHINES NEEDED TO TAKE ENTERTAINERS; LUNCHEONS ALSO APPRECIATED

Entertainment for the disabled service men at Thornycroft sanitarium are being arranged for every Thursday night, as well as other times when the opportunity presents itself.

Tomorrow night Ernest Dennis brings "The Pals" quartette from Los Angeles, which is now playing on Pantages' circuit. Mansfield Moyer, reader, and a string trio will be among the other numbers.

Tomorrow afternoon a number of the veterans are scheduled to attend a theatre party and motor ride. These include Messrs. Wilson, Dewishon, Patterson, Le Duc, Johry and Johnson.

On March 9 it is planned to have the University of Southern California Glee club for a feature program of college songs and readings as well as musical numbers.

In securing this talent, it is essential for those in charge to assure the artists of transportation to and from Los Angeles, in instances it being vital that they be returned for performances there.

Automobiles Are Wanted

So it is necessary that two or more automobiles be provided by Glendale people. Those caring to volunteer this little service every once in a while for these veterans of the world war, should notify E. O. Kieffer,, commander of the Glendale American Legion Post, at Glendale 201.

Another thing which the boys would appreciate, especially on Thursday nights, would be a little "feed," as they call it, prepared by Glendale women. Such a spread can include sandwiches, cake and ice cream and oyster stew, if possible, for those who are confined to the

Miss Manola Budd Is Party Hostess

Mrs. A. H. Montgomery of 415 South Central avenue entertained last night with a Washington's birthday dancing party for her daughter, Miss Manola Budd. Decorations of flags, red, white and blue streamers and red and white carnations with blue corn flowers were used.

The guests were Misses Martha Myers, Eileen Sullivan, Dorothy Hunt, Mildred McKee, Ruth Ryan, Jannsen of Green Bay, Wis.; Zilla Botsford, Delia Young, Ruth Stokes, Esthel Ralston, Martha Rae; Messrs. George Fluelling, Ralph Willis, Francis Sullivan, Bob Sullivan, Al Sullivan, Kenneth Jackson, Ervin Isaac, Ray Engle, Joe Webster and Francis Gordon of Hollywood.

An 11 o'clock supper was served in front of the fireplace. Favors of little silken flags were given to the guests. Mrs. Montgomery was assisted in entertaining by Mrs. J. C. Waite and by Mrs. Montgomery's mother, Mrs. M. J. Hanna. Little Stanton Montgomery, dressed in red, white and blue, was the mascot of the party. During the evening Mrs. Waite served punch.

Red Cross Report By Mrs. A. C. Brown

The meeting of the Red Cross, which was held Monday in the offices of Ezra Parker, was called to order by the vice-chairman, Mrs. W. W. Worley. Those present were Mrs. C. M. Crist, Mrs. Hartley Shaw, Mrs. Mabel Franklin Ocker, J. W. Usilton, Mrs. W. W. Worley, Mrs. Lillian Dow, Mrs. L. T. Rowley, Mrs. Arthur C. Brown and Mrs. John Robert White.

A splendid report was given by Mrs. Arthur C. Brown, chairman of the home service department. She emphasized the need of supporting the Red Cross now, as well as in times of war. The next meeting will be at the call of the chairman.

Mrs. A. Parks And Daughters Are Here

Mrs. A. Parks and daughter Minnie, formerly of Marshall, Missouri, are now residing at 350 West Hawthorne street. Mrs. Parks came here for her health and is very much improved. She expects to make Glendale her home.

PAYS RESPECTS TO WASHINGTON

FITTING TRIBUTE IS GIVEN TO MEMORY OF LEADER BY TUESDAY CLUB MEMBERS

PROGRAM ENJOYED

LEGISLATION ENDORSED AND MUSICAL NUMBERS PRAISED AT MEETING YESTERDAY

Despite yesterday being a holiday and many people being away, quite a number of members were in attendance at the regular meeting of the Tuesday Afternoon club at the Masonic Temple.

In keeping with George Washington's birthday, one of his portraits was hung on the wall over the platform, with a silken flag at either side, two candles being lighted directly in front of the picture. Bouquets of red and white carnations and blue corn flowers were on pedestals at either side of the platform and on the piano. Large American flags were draped on the side walls.

The meeting was called to order by the president, Mrs. C. E. Hutchinson. The salute to the flag was given, after which the minutes of the previous meeting were read by the secretary, Mrs. W. N. Stamps. In the absence of the general curator, Mrs. A. M. Williams gave the announcements for the various sections.

Matters of Legislation

Mrs. E. W. W. Hayward of the legislative section presented the subject of the club endorsing several bills which have been endorsed by the state federation of women's clubs. These bills were on the matters of urging the conservation of the California redwood trees, both in the forests and along the highways; the community property bill, the raising of the age to which state aid can be given to orphans, which is suggested to be raised from 15 to 16 years, to correspond with educational requirements, and the matter of providing a home for delinquent women and those who are now in the jails. A motion was carried that the Tuesday Afternoon club endorse these bills.

For Financial Benefit

Mrs. Montgomery, who has recently enjoyed a trip east, presented a plan for raising money. It is hoped soon that the erection of a club-

Henry Koepke Given Greeting By Friends

Over thirty friends of Henry Koepke living at 1315 South Central avenue motored up from Long Beach Friday, February 18, to congratulate him upon his birthday. These friends are from Mr. Koepke's former home in Oregon, but are wintering in Long Beach this year.

In addition, Mr. and Mrs. Koepke had as their guests last week their son, Dr. F. H. Koepke and family from Watsonville, Cal., their nephew, Lorenz Koepke from Waterloo, Iowa, and Mrs. Koepke's brother, Rev. A. R. Schultz from Redlands, Cal.

C. E. Intermediate In Business Session

The Intermediate Christian Endeavor of the Presbyterian church held its monthly business meeting at the home of Louise Hoit, 128 North Adams street, last night. Games were played and the songs which will be sung at the coming state Christian Endeavor convention, which will be held in Glendale June 25 to 29, were practiced.

Plans were made to attend the county convention, which will be held in Whittier in March. It is hoped that there will be enough going from Glendale to charter a special car.

Refreshments were served. Those present were Martha Eilers, Louise Hoit, Helen Engle, Alma Engle, Mary Stanley, Mildred Elliott, Mary Simpson, Louise Daugherty, Mrs. H. L. Brown, Margaret Majors, Mildred Thompson, Isabel Spear, Gertrude Heideman, Emily Bellue, Olive Rapp, Inez Harrison, Mr. Brown, Stephen Fairchild, Graham Tinning, John Simpson, Harold Majors, Paul Edmonds, George Stanley and Percy Jewel.

Perry A. Bramble Making Home Here

Perry A. Bramble of Grand Rapids, Michigan, arrived in Glendale Saturday and is making his home with his uncle and aunt, Mr. and Mrs. L. G. Bramble of 622 North Columbus avenue. He expects to remain in Glendale permanently.

JAP WHO SHOT AMERICAN GETS 30 DAYS

(Special Service to Glendale Evening News)

SHANG HAI, Feb. 23.—The Japanese sentry at Vladivostok who shot and killed Lieutenant Langdon, U. S. N., a month ago, has been sentenced to thirty days at hard labor for perjury, according to dispatches reaching here. The courtmartial, according to official announcement, cleared him of more serious charges. The perjury was alleged to have been committed at his preliminary hearing.

In line with the announcement of the Tokio government that General Nishihara, commanding at Vladivostok, had been suspended as a result of his failure to have the sentry properly instructed and that other officers would be disciplined, several of Nishihara's subordinates, including a regimental commander, have been ordered confined to quarters.

CHICAGO CUBS LEAVE FOR CATALINA ISLAND

(Special Service to Glendale Evening News)

CHICAGO, Feb. 23.—The Chicago Cubs, pitchers and catchers, headed by Manager Johnny Evers, leave here tomorrow for Santa Catalina Island, California, for a week's workout before the opening of the regular training at Pasadena March 7. The remainder of the players will leave March 3.

Before returning home to play St. Louis in the opening championship game April 13, the Cubs will play twenty-three games on the west coast. With four veterans missing from his ranks—Fred Markle, Claude Hendrix, Charles Herzog and Dode Paskert, who were released during the winter—Evers will have to develop his youngsters rapidly.

C. OF C. SECURES PLANT FOR CITY

ACRE OF GROUND PURCHASED IN INDUSTRIAL SECTION TO HOLD BUILDINGS

PAPERS ARE SIGNED

CONCERN WILL MANUFACTURE AUTOMOBILE ACCESSORIES AND DO REPAIR WORK

The new Glendale Chamber of Commerce has brought its first industry to the city of Glendale.

As the direct result of Chamber of Commerce activities, the Cunningham Manufacturing company, a concern making automobile accessories and also repairing automobiles and trucks in a wholesale way, yesterday afternoon purchased an acre of land in the city's industrial section and will at once commence the construction of a factory building.

Credit for bringing the industry here belongs largely to T. O. Stevenson, who is in charge of the Chamber of Commerce reorganization work.

Three Brothers Interested

The Cunningham Manufacturing company is headed by three brothers, G. H., C. C. and H. R. Cunningham. The first has for years been superintendent of a large manufacturing plant at Pomona.

The property on which the plant is to be located is between the railroad tracks and the San Fernando Road and about opposite to where it was proposed to have Commercial street connect with the San Fernando Road.

The property was sold to the Cunningham brothers by George W. Chandler, who owns considerable property here and who resides at present in Hollywood.

Makes Three Trips Here

G. H. Cunningham made three trips to Glendale to investigate conditions and Mr. Stevenson, on behalf of the Chamber of Commerce, lent every effort to bring the industry to this city. T. W. Watson, city manager, provided facts and figures to prove to Mr. Cunningham that the industrial section of the city would make an ideal location for the plant.

It was yesterday afternoon that Mr. Cunningham finally decided to sign the paper that secures for his concern the acre of ground on the western edge of the city.

The plant will include a forge and foundry. It is proposed to have the first buildings completed in less than three months.

Mr. Cunningham's brothers are coming here from Pennsylvania to join him in the enterprise.

Hospital Will Have New Heating Plant

Another feature of the many improvements that are being made by the Glendale Sanitarium and Hospital is the new heating plant, which occupies the northeast corner of the block. It is to be a stucco building 40x50 feet, with a flat roof to correspond in style with the hospital building, and will contain two 125 H. P. boilers.

Full set of equipment necessary will be installed and later on provision may be made to generate a small amount of electricity to be used in emergencies in the event of the city supply being temporarily shut off. This heating plant supplies the entire system, also the nurses' home across the street.

The approximate cost will be $25,000 when completed, including equipment. The building will be set back sixteen feet from the line, and the grounds will be beautified in front to correspond with the rest of the grounds.

Mrs. R. L. Holland Entertaining Guests

Mrs. R. L. Holland of 209 Arden avenue had as her guests yesterday Mrs. Sallie Campbell Braden and her house guest from San Francisco. They motored to Artesia and San Gabriel, where they visited the mission and had luncheon. In the afternoon they attended the meeting of the Tuesday Afternoon club. Monday evening, Mr. and Mrs. R. L. Holland were dinner guests of friends in Los Angeles.

NEW YORK WANTS TO SECEDE

ALBANY — Greater New York wants to secede; the environs of the North and East rivers want to be a state all by themselves, to be known as the state of Manhattan and to have their own individual white star in the proud blue field.

It was announced that a determined effort to separate Greater New York City from New York state will be made at the present session of the legislature.

Friends of Mrs. H. M. Oswald of Burbank, formerly a resident of Glendale, will be sorry to learn that she is seriously ill at her home with an acute attack of appendicitis.

Mr. and Mrs. R. F. Kitterman of 311 North Kenwood street visited friends in Long Beach Sunday. Yesterday they attended the Iowa state picnic which was held at Lincoln park.

Mr. and Mrs. A. G. Larson of 703 North Central avenue, Miss Nancy Williams of Los Angeles, Mrs. Estella Goodman and brother of 645 North Central avenue enjoyed motoring to San Bernardino recently and visited the Orange Show.

J. H. Flower of 108 South Everett street, who has divided his building interests between Glendale and Santa Monica, but still resides here himself, stated this morning that he was starting a five-room house in the latter city for his son Elmer.

R. H. Staniland, who about three years ago was engaged in the sale of used cars in this city, with Mr. Hagood, and who is now following a like occupation in Los Angeles, was attending to business in Glendale last evening.

Mr. and Mrs. J. S. Walker of 461 Vine street and Mr. and Mrs. W. L. Thayer of Braintree, Mass., who are wintering at 230 West Colorado street, returned last evening from a two-day trip to San Diego. Mr. Walker is member of the Glendale Furniture store firm.

Mrs. Mary Ackerle of Lincoln, Illinois, is the guest for the week-end of Mrs. Geo. N. Armstrong of 457 Patterson avenue. During her visit Mrs. Ackerle and Mrs. Armstrong expect to make a trip to Mt. Lowe. Mrs. Ackerle is spending the winter in Los Angeles.

Frank N. Motsch of 2139 Kenneth Road, who has been employed by the Chaffee grocery store in Glendale, takes up his new duties this week as manager of the Chaffee Grocery Company's Highland Park store. He will still reside in Glendale, going back and forth to his work.

Mr. and Mrs. J. M. Swaner and son William and A. E. Swaner, brother of J. M. Swaner, who has recently come to Glendale from London, Kentucky, have moved into their temporary home at 452 Milford street. They intend to start the erection of their new home in about two weeks.

Mrs. Charles H. Sanders of 1320 North Brand boulevard entertained ten little folks in celebration of her daughter, Ethel Janet's, 9th birthday. Games were played and prizes given. The refreshments were served from a table decorated with George Washington motifs, the centerpiece being a small cherry tree.

Mrs. Jack Thomas of the White Inn gave a surprise birthday dinner for her husband Sunday. Guests included Mr. and Mrs. C. E. Brain, Mr. and Mrs. C. A. Caswell, Mr. and Mrs. J. Fortunato, Mr. and Mrs. Crawford, Mr. and Mrs. Check of Los Angeles, Mrs. Nolan of Woodburn, Oregon, and Mr. and Mrs. Thomas.

On Tuesday Mrs. C. B. Guthrie of 314 Patterson avenue attended a luncheon at the Adobe Flores tea room as the guest of Mrs. Robert Kerr of Pasadena. This tea room adjoins the golf links of a Pasadena hotel. It is a renovated adobe ranch house at least a century old, and is a most interesting place, with its beautiful patio and old Spanish furnishings.

Mr. and Mrs. H. C. Nicholas of 337 West Wilson avenue and Mr. and Mrs. F. A. Wilkins of 210 East Garfield avenue attended an entertainment and dance given by the Westlake lodge of F. and A. M. last evening. Monday evening Mr. and Mrs. Nicholas attended the installation of officers of Jinnistan Grotto, of which Mr. Nicholas is a member. The Jinnistan Grotto is a Masonic organization to which all Blue Lodge Masons are eligible.

Locals And Personals

J. L. Denny of 119 South Verdugo Road was able to be out today for the first time in ten days. He has been quite ill with la grippe.

Mr. and Mrs. C. J. Higgins of 247 North Jackson street had as their guests Sunday Mr. and Mrs. W. R. Betham of Chicago, Mr. and Mrs. George Sorelle of Alhambra and Miss Lila Harris of Ocean Park.

Mrs. Homer Lockwood of 325 West Lomita avenue has sold a lot on West Lomita avenue to Mrs. Matilda Laas of 221 West Colorado street, who will start the erection of a six-room bungalow immediately.

G. W. Biggins of Los Angeles has purchased the bakery and confectionery business of G. D. Mason, 134 South Brand, as well as the latter's home at 327 West Broadway. Mr. Biggins took charge of the store and lunch room this morning.

Charles Kausen, who has recently moved his family into their new home at 225 West Burchett street, has become associated with the Chevrolet agency here, of which O. A. Fish and O. W. Tarr are the representatives. Mr. Kausen has been a resident of Glendale for five years.

Attorney C. M. Frazier, a recent newcomer to Glendale, has opened law offices in the Flower block, corner of Broadway and Brand boulevard. He is a former attorney-general for the state of Arizona and is well known in the Hassyampa state, especially in Phoenix where he was located.

When Capt. Thomas D. Watson, proprietor of the Glendale Sheet Metal Works, 127 North Glendale avenue, returned to his place of business after dinner last night, he discovered a blaze which called out the fire department. Two windows were smashed and a bench and window sill burned from a defective solder burner from which the gas had been turned off, but a fire from a leak caused the pipe to melt and spread the flames.

Local Team Defeated By Squad From L. A.

By a score of 15 to 4, the Los Angeles high school baseball team took Glendale's practice nine down the line in the first game of the season which was played on the Union high school campus here yesterday afternoon. Today the Glendale team journeys over to Los Angeles in an endeavor to even the score.

Coach Normal C. Hayhurst says that "Lefty" Herman will do the pitching today. Five men were worked out on the mound for Glendale last night and Aagasen, a junior, proved to be a good hurler.

Coach Hayhurst today attends a Central league meeting at which time the schedule for the games this season will be made up and a date selected for the track meet which will likely be held at Occidental college.

Tomorrow afternoon here the Glendale high nine meets Pasadena in a practice game at 3:30 o'clock and fans are invited to see the clash.

Six Make Application As C. of C. Secretary

Six applications for the position of secretary of the new Glendale Chamber of Commerce have been received.

The position is to be filled by the board of directors, now being selected by the organization's membership. The board will be chosen Thursday night and is scheduled to meet at a luncheon on Friday noon, organize, elect a president and vice-president—also a treasurer who does not necessarily have to be a member of the board—and pick a secretary. The position of secretary is a salaried one, the compensation to be fixed by the directors.

PEACE PROGRAM

PRESIDENT-ELECT HARDING'S PLANS MADE FOR OFFICIAL END OF HOSTILITIES

BY RAYMOND CLAPPER
United Press Staff Correspondent

ST. AUGUSTINE, Fla., Feb. 23.—The program for bringing about speedy peace between the United States and Germany has been virtually decided upon by President-elect Harding. It follows:

1. **Passage by the senate and house of the Knox resolution or a similar measure declaring peace.**
2. **Informal exchanges between the United States and the allies and the United States and Germany to adjust financial matters and other questions relating to peace.**
3. **Dispatch of an American minister to Berlin and acceptance of a German minister at Washington, with re-establishment of the consular service in both countries.**

The negotiations will be conducted by Secretary of State Hughes.

United Press dispatches from London today said that Europe was virtually marking time waiting for the Harding administration to go into power before going ahead with settlement of the reparations and other questions. Any advance announcement of what the Harding administration intends to do for the guidance of the allies would be improper at this time, so that it is expected here practically nothing will be done toward winding up the war's affairs abroad until after Harding enters the White House.

REALTY ACTIVE

LOCAL DEALERS STATE THAT MUCH INTEREST IS BEING SHOWN IN PROPERTIES

From practically every real estate dealer in the city comes the report of renewed activity in the sale of improved property, while several tracts are being rapidly sold out for building or investment purposes.

According to H. McCartney of Edwards & Wildey's Glendale office, the following deals have been made this week in addition to sales of lots in their West Broadway tract:

Lot on California off Central avenue, Harry M. Schwilk to Minna L. Saeger; bungalow, 455 West Patterson, L. E. Rapp to F. E. Edmunds; furnished bungalow, 1011 Melrose, M. Lyon to E. A. Moulton; furnished bungalow, 216 West Garfield, George Philippi to E. Hudson, bungalow, 516 Burchett, W. A. Barnes to Helen Schulte; lot on Salem, Edwards & Wildey to L. J. Post; lot on Milford, Hortense Davison to A. Michael.

Otis Goodman Back From Extended Trip

Mrs. Estella Goodman of 645 North Central avenue entertained at dinner Saturday evening in honor of her brother-in-law, Otis Goodman, who has just returned from an extended trip east.

Mr. Goodman represented the Southern California Fruit Growers' Exchange of Los Angeles, accompanying a shipment of oranges and lemons by boat through the Panama canal. The object of the venture, which was made by the growers with the co-operation of the United States department of agriculture, was to determine the feasibility of shipping California citrus crops by steamer instead of by rail. The fruit arrived at its destination in fine shape.

Mr. Goodman has many friends in Glendale who will be pleased to learn of the success of this undertaking.

The railroads will grant decreased rates of fare to conventions this year.

Southern California

Conference Is Held

Southern California municipalities' needs for hydro-electric power will be the subject of a conference tomorrow night to be held in the Jonathan club, Los Angeles. Mayors of sixteen cities have been invited to attend by Mayor Meredith P. Snyder of Los Angeles. The San Joaquin valley also will be represented at the meeting. Dwight W. Stephenson, president of the Glendale Board of City Trustees, is among the invited.

Milkmen in Uniform

Santa Monica milkmen now go dashing about town in the early hours of morning or the merry hours of evening in a uniform of military mode. Perhaps, if that custom was adopted here, there would be no reports of milk bottles being stolen, the thief mistaking the milkman for a cop.

City Manager There

A meeting held in Riverside yesterday, under the auspices of the League of California Municipalities, and attended by City Manager T. W. Watson of Glendale and forty other similar representatives, went on record advising an early investigation of Col. R. B. Marshall's plans for developing 10,000,000 hydro-electric horsepower by conserving the mountain floods. At the same time the plan calls for the irrigation of 12,000,000 acres of land in the state.

To Greet Lineberger

A public reception in honor of Congressman-elect Walter F. Lineberger is planned by the Union League club of Los Angeles for next week. Major Lineberger, who is in San Jacinto, does not plan to leave for Washington until shortly prior to the extra session expected early in the new administration.

Noted Naturalist Ill

John Burroughs, noted naturalist and author, is ill in a Pasadena hospital. He is 84 years of age, but is reported recovering nicely and he is looking forward to trudging over Pasadena Glenn while in southern California this spring.

Figs and Figures

That Congress doesn't care a fig what it does when it has a date was demonstrated yesterday in the Senate when Senator Ashurst of Arizona appeared, began a speech by sending pages around with souvenir boxes of figs and dates. When all were munching merrily he asked for $61,000 for fig and date plant investigation instead of $51,000 provided by the House. Without missing a munch the senators voted the $10,000 additional.

Pasadena Boy Bound To Superior Court

Leslie Farrar, a Pasadena school boy, was arrested this morning by Glendale officers for alleged complicity in the theft of Ernest Butler's touring car from the Palace Grand theatre about ten days ago. Already Russell Walker of the same place has been bound over to the superior court to face grand larceny charges for the crime. A third boy, who is reported sick, is also sought.

City Recorder Lowe fixed Farrar's bond at $1000 at his arraignment shortly before noon today. Farrar stated that he has neither father or mother living and that he lives with his grandparents, who are in feeble health.

Local Income Tax Payers Given Help

George W. Heidt, from the office of Internal Revenue Collector Carter, is in Glendale today at the council chamber of the city hall, assisting local income taxpayers to properly fill out their return blanks and file them.

Mr. Heidt, who was due yesterday, stated that the collector ordered a holiday, which was observed by all of the revenue force. For the balance of the week anyone wishing income tax information may apply after 10 a. m. for Mr. Heidt's service.

Canada's 1920 field crops returned a value of $1,636,664,900, according to the Dominion bureau of statistics.

A Thousand Rubs

How many rubs in the family wash? Figure it out for yourself.

Take a sheet, 25 rubs down and 25 back, fifty rubs to a sheet and the same number to a tablecloth; towels, 240 rubs to the dozen; handkerchiefs, 120 to the dozen; housedresses, 25 to 50 rubs and so on with the pieces that are badly soiled and require more rubs.

One thousand, two thousand rubs exacted of yourself every Monday; endless rubs that take from a woman's health and strength, back-bending, heart-breaking toil—not a woman's work.

Airship Route To Enter Oil Fields

EDMONTON, Alta.—Prospects bound for the Fort Norman oil fields on the Mackenzie river to seek their fortune next spring will be able—if they have $1500 to spare—to fly to the new bonanza land by dirigible balloon.

Majors Jenner and Wollan of Los Angeles, promoters of the air line, recently visited northern Alberta to select a site for an airdrome. The airship they will use is now on order in New York and will, they declare, have a capacity of 350,000,000 cubic feet of gas and will be capable of flying at a rate of seventy miles an hour. It will carry thirty-two passengers, five tons of freight and 700 gallons of gasoline. The southern terminus of the dirigible route will be either Peace River Landing, at the end of the Canadian Pacific's northern spur, or Fort McMurray, at the end of the Alberta & Great Waterways railway. From either of these places, an airline to Fort Norman is about 900 miles.

"The recent discovery of a gusher well on the Mackenzie river has led scientists to believe that the world's greatest reservoir of oil has been tapped and unquestionably will result next spring in a stampede comparable to the old Klondike rush," said Major Jenner. "The dirigible is a sane method of travel over the wilderness country because it can land where an airplane can not and engine trouble will not necessitate its coming to earth. The $1500 will include an insurance policy."

Both promoters served in the war, Major Jenner with the Canadian air forces and Major Wollan with the United States naval air force.

VIEWS OF VISCOUNT

JAPAN CANNOT DRAG ENGLAND INTO WAR WITH U. S., IS STATEMENT BY GREY

LONDON, Feb. 23.—Japan cannot drag Great Britain into war with the United States, Viscount Grey declared in a speech before the national liberal club.

The viscount said, however, that it was idle to discuss Anglo-American affairs without recognizing that there can be no real cordiality so long as the Irish question is unsettled.

He regretted, he said, that Americans appeared to know all about the Anglo-Japanese treaty of alliance, but he did not seem to recall that they have an arbitration agreement with Great Britain. The latter, he said, provides that there shall be a year for consideration of any disagreement before war is declared.

"This treaty was made by their own government and ratified by the senate," he said. "It is now in full force. Care was taken long ago that there should be no conflict between it and the alliances with Japan.

Readily Makes Agreement

"Japan agreed readily to the insertion of a clause making it clear that in event Japan wars on any nation with which Britain has an arbitration treaty, Britain has no obligation except to observe the arbitration agreement.

"Although the Anglo-American treaty is not actually in the form of an arbitration treaty, it is in spirit and effect the same thing."

There would be little pleasure, little interest in living, he declared, if war should be declared between Britain and America.

"Cordial relations between the two will do more than anything else to benefit the whole world," he said.

"War is unthinkable, inconceivable. I am not disposed to question that fact. But that does not make it certain it cannot happen. However, we have a treaty which, if observed, would make war between the two impossible."

Fund To Give Aid But None To Take

BRIDGEPORT, Conn. — When Bridgeport was founded, and a few hundred souls settled around the mouth of the Pequonnock river, a tribe of friendly Indians lived on Golden Hill, now in the center of this city of 150,000 and occupied by the county courthouse. That was not so long ago, not earlier than 1790. Gradually, the Indians became unable to support themselves. In 1802, the general assembly of Connecticut appropriated the income of $5000 to care for them, and appointed an Indian agent to administer the fund.

By later legislative decree, that fund and the position connected with it passed to the clerk of the superior court of Fairfield county, and today Fred W. Tracy, clerk of the court, has $38.13, which still remains to relieve needy Indians. Clerk Tracy was not aware of his trust until the other day, when in examining his books he discovered an ancient bank book.

The last survivor of the tribe of Indians to receive aid was William Sherman, an individual of 300 pounds and more, who passed to his happy hunting grounds in 1885. No trace of living survivors can now be found.

SAVING PLAN IS STOPPED

Canadian ticket agents now demand United States money or Canadian money plus exchange for tickets for points in the United States. Hundreds of Detroiters have been going to Windsor, Ont., to buy their tickets for southern and western trips, because the rate of exchange enabled them to save a neat percentage. The new rule puts an end to this practice.

NEW TYPE OF RIVER BOAT

A new type of river boat, electrically driven and propelled by a stern wheel, will soon appear on the Ohio river. Minus the paddle wheel at the stern the craft would have strong resemblance to the freighters of the Great Lakes.

Notice of Public Work

Public Notice is hereby given that the Board of Trustees of the City of Glendale on the 3rd day of February, 1921, did at its meeting on said day adopt a Resolution of Intention No. 1158, to order the following improvement to be made on a portion of that certain alley in Tract No. 2292.

SECTION 1. That the public interest and convenience require, and it is the intention of the Board of Trustees of the City of Glendale to close up, vacate, and abandon for street and alley purposes, all that certain portion of that fifteen (15) foot alley in Tract No. 2292 as per map recorded in Book 23, Pages 106 and 107 of Maps, Records of Los Angeles County, California, more particularly described as follows:

All that portion of that first alley east of Canada Boulevard, from the northerly line of Hiawatha Drive to the southerly line of Wabasso Way, said alley being one hundred and sixty (160) feet easterly and parallel to the easterly line of Canada Boulevard.

The district to be assessed to pay the damages, costs and expenses for the described improvement is described in and reference is hereby made to Resolution No. 1158 for further particulars of said work.

Passing On Of Allied Debts To Holders Of Liberty Bonds Opposed

BY L. C. MARTIN
United Press Staff Correspondent

WASHINGTON, Feb. 23.—Passing on of the allied debt of $14,000,000,000 to holders of Liberty bonds has been suggested to Republican members of congress as a means of collecting the money owed this government by foreign nations. The plan would involve exchange of Liberty bonds for bonds of the allies. The suggestion came from abroad and it was understood that Lord Chalmers of Great Britain, who was to have come here to discuss the British debt had something of this kind in mind. Chalmers has not come here, but the suggestion may receive consideration when the Harding administration takes up the question.

At present, however, members of the senate finance committee oppose the plan.

Plan Given in Brief

The plan briefly is that the allied governments he asked to agree to issue bonds preferred above all their other obligations for a term of thirty to fifty years and bearing 5 per cent interest and that these bonds be turned over to the United States government under an agreement providing for payment of interests and sinking fund.

The United States, in turn, would issue the foreign bonds to holders of American Liberty bonds and retire the Liberty bonds, thus converted.

If the entire allied debt were treated in this way, upwards of $10,000,000,000 of Liberty bonds could be retired, it is claimed, and the American government could have the large sum required as interest and sinking fund on that $10,000,000,000.

Guarantee Necessary

Members of the finance committee have not given the idea much consideration, however. It would be necessary for this government to guarantee to the American people the foreign bonds, they claim, and to pay the interest if England, France or Italy should default.

The 5 per cent interest rate, intended as an inducement to holders of 3½, 4 and 4¼ per cent bonds would merely be an additional burden in the treasury if the foreign governments should fail to meet the interest payments, it was pointed out.

ALASKA RAILROAD

LINE OF STEEL NOW BEING PUSHED ACROSS DIVIDE; BATTLE WITH NATURE

SAN FRANCISCO—Ends of steel being pushed north and south by the United States government engineers building the Alaska railroad 410 miles across the continental divide are now only eighty-four miles apart, according to the report of the 1920 work on the road, received recently from Anchorage, Alaska, the headquarters railroad town.

"With an abundant supply of labor and good weather conditions there seems no reason why the tracks should not be connected this year," William Gerig, assistant chief engineer, was quoted as saying. By 1922, the engineers hope, trains will be running between Seward and Anchorage, seaport towns on the "ocean end" of the road, and Fairbanks and Nenana, interior points on the great Alaska river highway system.

Bridge Must Be Built

Trains will not run through to Fairbanks, however, until a bridge is built across the Tanana river at Nenana. When the line between Nenana and the coast is completed the road will be used to carry north the material for the bridge. During the winter, when the Tanana freezes, tracks are built across on the ice.

On the coast end of the line trains operated this winter between Seward and Anchorage, snowsheds having been built last summer. Already, reports said, the sheds have stood several heavy slides, which under conditions which existed a year ago would have blocked the road.

Short Alaska winter days, temperatures ranging as low as 20 degrees below zero and two to four feet of snow are not stopping work on the road this winter. Grading, bridge building and cut work is progressing at practically the same rate of speed as in summer.

Nature Being Overcome

The engineers garb themselves in the native "parka" and brave the elements. An Anchorage newspaper man who recently visited the advance gangs at Hurricane, a point on the road, said the commission is giving one of the most remarkable examples of overcoming nature ever witnessed in railroad building.

One of the achievements last year was the erection of a steel bridge, having a span of 504 feet, across the Susitna river, north of Anchorage. The bridge parts were made in the United States, numbered and sent north by rail and steamer. At Susitna they were put together and by spring trains will be operating on the crossing.

Across the eighty-four mile gap, dogs and horses are used to carry mail and passengers. Passengers from the coast can make connections to Mile 275, the end of the road, where they take the stages across Broad Pass to Mile 374, the southern end of the northern section. In the past, mail during the winter has always reached the interior by way of another route.

CITY'S SERVICE

MUNICIPAL OWNED CAR LINE IS ULTIMATE OBJECT OF TOLEDO EXPERIMENT

TOLEDO, Ohio—Ultimate municipal ownership of the city car lines and rolling stock is the aim of the experiment now being conducted by Toledo, and which is being watched with interest by other cities all over the United States.

Under the Toledo plan, which has borrowed many of its features from the so-called "Tayler" grant, under which Cleveland car lines are operated, car riders receive service at cost.

The point at which the two plans differ most vitally, however, is the provision whereby ultimate ownership of the lines is vested in the city, under the Toledo plan, through the establishment of a fund consisting of one-twentieth of every cent paid in car fares, which is used for the extinguishment of the bonds.

Issue Bonds in Payment

The Community Traction company, a city controlled corporation, has taken over all the interest of the Toledo Rail-Light company in the car lines, issuing in payment therefor its bonds, which are guaranteed, principal and interest, by the city. The price at which the lines were purchased was fixed by the board of arbitration.

The first act of the new company, which began operation of the lines the first of the month, was to reduce the rate of fare charged from 7 cents to 6 cents and to reduce the charge for transfers from 2 cents to 1 cent. W. E. Cann, newly appointed traction commissioner for the city, estimates that the reduction in fares saves car riders $2000 daily, besides paying $600 each and every day toward ultimate ownership of the lines by the people themselves.

Claim Increase in Traffic

There has been, officials say, a marked increase in traffic since the change in ownership. Under the old regime, with fares at 7 cents, with a 2-cent charge for transfers, "jitney" lines to many parts of the city thrived, but with the advent of lower fares and the feeling of ownership that the new plan has inspired in Toledoans, a marked reduction in this division of traffic is reported.

A "barometer" has been established which will automatically determine the rate of fare to be charged. This "barometer" is a "stabilizing fund" of $400,000 with which the Community Traction company began business. When the "barometer" falls below $300,000 fares will automatically be raised and if the fund should at any time exceed $500,000 the people immediately receive the benefit in the way of a decreased rate of fare.

House Is Made To Order In 10 Minutes

BRIDGEPORT, Conn.—A house to order in ten minutes. Order your bungalow today and it will be ready for delivery tomorrow. That is the offer of a company which is producing reinforced concrete houses, invented by Simon Lake of this city, inventor of the submarine.

The company has taken over the yards of the Housatonic Shipbuilding company where wooden ships were built during the war for the emergency fleet corporation, and within a short time expects to turn out these houses at the rate of four a day. The actual casting of the houses, which is done in one piece, takes only ten minutes, according to Robert C. Lafferty, architect and president of the company, who designed the house.

Lafferty calls the house "a revolution in home building." His model home was set up on a vacant lot in the center of the city recently.

Grange Charges Are Answered In House

WASHINGTON—Co-operation between the department of agriculture and county farm bureau units has been possible because these organizations place no restriction on membership, Dr. A. C. True, director of the state's relations service of the department, told the house banking and currency committee, which is investigating aspects of the activities of farm organizations. He appeared to reply to charges by the National Grange and other farmers' organizations, that the department of agriculture was aiding the American Farm Bureau federation.

He denied that the department was giving any assistance to the federation as a national organization, but asserted that through its demonstration and county agents it had worked with local units of the federation.

The county farm bureau units, from the viewpoint of the agricultural department, Director True said, are not exclusive, but wish to work in harmony with other farmers' organizations, and meet the desire of farmers who object to the secret provisions of the National Grange and the National Farmers' Union.

Organizations of a general character, such as the farm bureau locals, Mr. True testified, were a valuable aid to the county agents.

Our trade with Germany during 1920 amounted to $400,000,000. This was $153,000,000 below our biggest year's business with that country.

CIGARS UNITED — UNITED CIGAR STORES — CIGARS UNITED

A. G. SPOHR TAKES IMPORTANT AGENCY

Prominent Druggist Makes Deal With United Cigar Stores Company—Gives Him Great Advantage

Mr. A. G. Spohr, whose place of business is located at corner of Brand Boulevard and Broadway, today announces that he has taken over the United Cigar Stores Company's Agency.

Mr. Spohr states that he will be prepared to meet all demands for any brands of United Cigars at the same prices which prevail in the 1700 United Cigar Stores and Agencies located in over four hundred cities throughout the United States.

He will have the franchise for the sale of United Cigars, which guarantees customers better cigars for the money than are otherwise obtainable.

United Cigars are of all types: Havana Seed, Havana Domestic, Porto Rican, Manila, etc., in various sizes, from five cents up.

The Superior Quality of United Cigars has built up a chain of over 1700 stores and agencies, thus enabling customers to get better prices and better values.

United Coupons will be issued with every purchase, as is the custom in the United Stores. Souvenirs will be given away free with every purchase on Opening Day, next Saturday, February 26th.

United Coupons constitute a discount for cash, and are redeemable for useful and necessary articles, which are standard and nationally advertised.

The decision of the United Cigar Stores Company to enter the field in Glendale is regarded as an indication that the big United concern realizes the big future awaiting Glendale. It also puts Glendale in line with the big markets of the world.

Young Woman Leads Turbulent Bandits

CETTINJE, Montenegro — Again the warring turbulent hillmen have swept down from their Black mountain village and attacked a Serbian (or Italian or Albian) garrison. No important issue seems to have been involved in the fracas, and the Comitadji, as the mountaineer bands are called, have retreated into the rocky desolate hinterland as swiftly as they came.

What the Mexican border is to the United States, for 500 years the Montenegro feudist problem has been to the Balkans. The Turks could not subdue the brigands of the hills, the Austrians failed to yoke them, and there seems little prospects of the new Jugo-Slavia enforcing the law and order in the erstwhile kingdom of old Nicholas.

Group consciousness is strong in all the Slav countries, perhaps strongest in Montenegro. There are three political parties—those favoring the accomplished union with Serbia, those favoring a republic and the Italian supporters, followers of the deposed king. The Comitadji are generally royalist in sympathy. Political arguments in Montenegro are settled with rifle bullets and every Montenegrin is an ardent political partisan.

One of the most romantic and most desperate of the bandit leaders is Milosava Peronovic, a girl of about twenty-five. She started on the warpath when the Austrians invaded the little country, and now captains a large band of semi-brigands, whose allegiance is with the old dynasty.

The inhabitants of Montenegro live today as they did when Dushan was czar of the great Slav kingdom. Not a railroad, not a telephone, and as far as the peasants are concerned, there is not a single bed in the land. The country is about the size of Connecticut. Sheep raising and the cultivation of tiny valley farms are the principal occupations of the inhabitants, outside of banditing.

THIS MAN EATS GOLD

We want you to know Jatindra Charan Gobo—better known as Gobar Babu—the only gold-eating athlete in the world!

Gobar Babu is just off the boat from Calcutta. He is the wrestling champion of India and actually eats pure gold.

"It make me strong, you know," said Gobar in English as he arranged his turban of silver cloth—a magnificent thing given him by a maharaja and valued at several thousands of dollars.

"You laugh. You do not believe me, but it is so. Before each wrestling contest I must eat gold. I take the gold leaf—oh, at rate of present exchange about hundred-forty-fifty dollar worth—and spread honey upon it. It is quite good, sir, and it make me strong, and I never become tired when I wrestle many hours.

"I am not joking, sir. You must know that maharajas often drink pearls dissolved. They are good, too, and make you well. Gold gives me strength and I am never sick. Besides I have not wealth like a maharaja, who are the richest men in the world."

In his country Jatindra Charan Bobo was aptly christened with the title of "Gobar Babu," which, translated, is the powerful. He is six feet one and one-half inches tall, and weighs 230 pounds, and is the third generation of his family to achieve fame as a wrestler. He is well educated, being graduated from the English University of Calcutta.

ARMY DESERTERS IN PARIS

In France no less than 1500 deserters from the American army are living in the Paris district. The lairs of the deserters are mostly in Montmartre in secret underground passages used by the Apaches.

The Sweeper you've been waiting for—

TAKE the virtues of electric cleaners, add to them the convenience of ordinary carpet sweepers, remove the drawbacks of both and you have the new *VACUETTE!*

It picks up all dirt, lint, thread, hair and ravellings but requires no wires for electric connections. A strong suction lifts all dirt into the dust-bag, without spreading or dropping dust back on the floor. The wide low nozzle dives conveniently under heavy furniture. Strongly built and durable, yet light, (6½ lbs.), a child can easily operate it.

Let us demonstrate the *VACUETTE* to you today

RESOLUTION NO. 1163

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE CALLING A SPECIAL ELECTION TO BE HELD ON THE 10TH DAY OF MARCH, 1921, IN THAT CERTAIN TERRITORY CONTAINED WITHIN THE BOUNDARIES OF PROPOSED MUNICIPAL IMPROVEMENT DISTRICT NO. 3 OF SAID CITY, PROVIDING FOR SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF INCURRING A DEBT BY ISSUANCE OF BONDS OF SUCH DISTRICT FOR THE PURPOSE OF THE ACQUISITION AND CONSTRUCTION OF WORKS FOR THE COLLECTION AND DISPOSAL OF SEWAGE FROM SAID DISTRICT INCLUDING THE ACQUISITION OF LANDS, EASEMENTS, AND RIGHTS OF WAY, AND THE CONSTRUCTION OF PIPE LINES, MANHOLES, FLUSHTANKS, SEPTIC TANKS, CESSPOOLS AND OTHER WORKS AND APPURTENANCES NECESSARY FOR SUCH PURPOSE; PROVIDING FOR THE ISSUANCE AND SALE OF SUCH BONDS FOR SUCH PURPOSES AND FOR THE LEVYING OF A TAX FOR PAYMENT OF SUCH BONDS; AND ESTABLISHING ELECTION PRECINCTS AND POLLING PLACES IN SAID TERRITORY AND APPOINTING THE OFFICERS OF ELECTION FOR SAID SPECIAL ELECTION.

WHEREAS, On the 20th day of January, 1921, a petition was filed in the office of the City Clerk of the City of Glendale and ex-officio clerk of the legislative body of said city, to-wit: the Board of Trustees of said city, requesting that proceedings be taken under the provisions of an act of the Legislature of the State of California entitled, "An act to Provide for the Formation of Districts Within Municipalities for the Acquisition or Construction of Public Improvements, Works and Public Utilities; for the Issuance, Sale and Payment of Bonds of Such Districts to Meet the Cost of Such Improvements, and for the Acquisition or Construction of Such Improvements," approved April 20th, 1915, for the purpose of the acquisition and construction of works for the collection and disposal of sewage from said district including the acquisition of lands, easements, and rights of way, and the construction of pipe lines, manholes, flushtanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose; and said petition was signed by not less than ten (10%) per cent of the qualified electors of the territory so proposed to be formed into said Municipal Improvement District No. 3, and

WHEREAS, In pursuance of said petition and of the act of April 20th, 1915, the Board of Trustees of the City of Glendale on the 3rd day of February, 1921, passed an ordinance designated as "Ordinance No. 421 of said city containing the matters prescribed by said act and declaring the intention of the Board of Trustees to call an election in that part of the City of Glendale contained within the boundaries of said proposed municipal improvement district to be known as 'Municipal Improvement District No. 3 of the City of Glendale,' for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner provided for in said act, to meet the cost of said proposed improvement" and said ordinance was approved and adopted by the Board of Trustees of said City on the 3rd day of February, 1921, and was thereafter duly published as provided by law; and

WHEREAS, Protests were filed with the said City Clerk on or before the 17th day of February, 1921, which last named day was the time set in and by said Ordinance No. 421 for the hearing of protests; and

WHEREAS, said protests were overruled after hearing, by said Board on the 17th day of February, 1921, and thereupon the Board of Trustees of said City of Glendale acquired, and now has jurisdiction to proceed further in accordance with the provision of said act:

Now, Therefore, the Board of Trustees of the City of Glendale, do resolve as follows, to-wit:

SECTION 1. That a special election be, and the same is hereby called to be held on the 10th day of March, 1921, within proposed Municipal Improvement District No. 3 of the City of Glendale, the exterior boundaries of which district are contained in said ordinance of intention and hereafter described, for the purpose of submitting to the qualified electors in said district the proposition of incurring a debt for the issuance of bonds of such district for the purposes set forth in said ordinance of intention and hereinafter stated: The exterior boundaries of said district being particularly described as follows, to-wit:

SECTION 2. The objects and purposes for which said proposed indebtedness is to be incurred are the acquisition and construction of works for the collection and disposal of sewage from said district including the acquisition of lands, easements, and rights of way, and the construction of pipe lines, manholes, flushtanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose.

SECTION 3. That the estimated cost of said proposed improvement is $50,000.00, that the amount of the principal of indebtedness proposed to be incurred is the sum of $50,000.00 and the rate of interest to be paid on said indebtedness shall be six (6%) per centum per annum, payable semi-annually.

SECTION 4. The polls of said election shall be opened at 6 o'clock a. m., of the day of the election and shall be kept open until 7 o'clock p. m., when the polls shall be closed, except as provided by Section 1164 of the Political Code of the State of California.

SECTION 5. That there shall be printed on the ballots to be used at said special election, in addition to the other matters required by law, the following proposition to be voted on, to-wit:

"Shall that certain proposed Municipal Improvement District known as Municipal Improvement District No. 3 of the City of Glendale, incur a bonded debt of $50,000.00 for the purpose of acquiring and constructing works for the collection and disposal of sewage from said district including the acquisition of lands, easements and rights of way, and the construction of pipe lines, manholes, flushtanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose?"

That opposite the above proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines with voting squares thereafter.

SECTION 6. For the purpose of holding and conducting said special election, said district as above described shall constitute one election precinct denominated as Special Election Precinct No. 1 and the following polling place in said precinct is hereby designated and the following named election officers therefor are hereby designated, to-wit:

Special Election Precinct No. 1:

All of said Municipal Improvement District No. 3.

Polling Place: Real estate office situated on Bonita Drive between Camulos Avenue and Opechee Way.

Inspector: C. L. Chandler.

Judge: H. B. Crocker.

Clerk: Mrs. Grace M. Cleveland.

SECTION 7. That in all particulars not recited in this resolution, such election shall be held and conducted as provided by law for holding general municipal elections in said City of Glendale.

SECTION 8. The City Clerk shall certify to the passage of this resolution by the Board of Trustees of the City of Glendale and cause the same to be published five times in the "Glendale Evening News," a daily newspaper printed, published and circulated in the City of Glendale.

DWIGHT W. STEPHENSON,
President of the Board of Trustees of the City of Glendale.

Attest: J. C. SHERER, City Clerk of the City of Glendale.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing resolution was adopted by the Board of Trustees of the City of Glendale at a regular meeting thereof held on the 17th day of February, 1921.

J. C. SHERER,
City Clerk of the City of Glendale.

SOUTHERN SECTION

MUCH ACTIVITY IS SHOWN IN FORMER TROPICO DISTRICT; NEW HOMES, INDUSTRIES

The southern section of Glendale, which formerly constituted the city of Tropico, and especially its business district, has taken on renewed life that is indicative of better business conditions. Greater activity in real estate is reported and while rumors are not to be relied upon, yet it is understood that two large deals have been consummated recently in which it is understood that substantial improvements will result on the San Fernando Road.

Two years ago there were many vacant storerooms in the downtown district there. Now they are practically all filled, some with factories, others with representative lines of business necessary to the community.

Industries Are Active

Industrially speaking, it is a healthy place. There is a furniture factory, two chemical laboratories, a furniture repair shop, a large basket factory, a brick and tile factory, a cigar factory and others. In fact, an industrial census would show the major portion of Glendale's factories lying west of the San Fernando Road and south of Los Feliz.

This condition, naturally enough, attracts homeseekers and while the building of homes is going on steadily, new tracts are being offered both in that section of Glendale and in Los Angeles territory adjoining at such inducements as to cause a decided boom there within the next few months.

Property Is Moving

Only recently the Bentley-Schoeneman Lumber company yards and offices have been concentrated in the district and bakeries, restaurants, electrical and jewelry shops and other stores have opened. Several realtors, also, have opened offices there in addition to those already established and all report property moving.

With its own school, several churches, branch library and clubs, the southern section of Glendale bids fair to be one of the most important in the future growth of the city. The merchants there exhibited decided interest in the Chamber of Commerce drive and are striving for more industries.

Heavy Auto Traffic

Los Feliz and San Fernando Roads provide one of the busiest intersections in the city and the heavy auto traffic commands the attention of a policeman during several hours of the day.

For the Glendale residents who have casually noted that part of the city, formerly known as Tropico, there is a surprise in store for them if they will visit there and see the activity of the business section which is greater, perhaps, than ever in its history.

MARQUIS WHEAT IS SUCCESS

As a result of various experiments, government experts have decided that Marquis wheat is the best variety of common wheat for the Northern Great Plains. Experiments were carried on at eleven stations. Marquis wheat was first introduced in the United States in 1915. It was brought from Canada.

C. OF C. BALLOTS

FINAL ELECTION NOW BEING HELD; POLLS WILL CLOSE THURSDAY, 7:30 O'CLOCK

(Continued from Page One)

that money. A great responsibility awaits the twelve selected.

"Please do not overlook the paragraph on the ballot that refers to funds. If you haven't made a payment on your annual dues, send it along with the ballot.

"Very truly yours,
"E. P. HAYWARD,
"Chairman, Final Election Committee."

Polls Close Thursday Night

As stated in the letter signed by Chairman Hayward, the polls close next Thursday night at 7:30 o'clock. The ballot box is located at the Chamber of Commerce headquarters on West Broadway.

The ballots state that the entire twelve directors should be representative—a leader from each sphere; be capable of team work; be willing to give time to the organization's activities, and have the confidence of the people.

But twelve directors are to be chosen at the final election and the members voting are cautioned not to mark the ballots for more.

List of Twenty-four

The list of twenty-four from which the twelve are to be elected follows:

C. C. Cooper.
Jesse E. Smith.
V. M. Hollister.
George H. Bentley.
J. G. Huntley.
David L. Gregg.
C. D. Lusby.
Roy L. Kent.
H. M. Butts.
Peter L. Ferry.
R. D. White.
H. P. Coker.
R. F. Kitterman.
John W. Usilton.

C. E. Neale.
L. T. Rowley.
Dan Campbell.
A. R. Eastman.
A. T. Cowan.
W. E. Edmonds.
C. H. Toll.
A. W. Beach.
Dr. Henry Harrower.

It is stated that ballots may be mailed to the Chamber of Commerce, provided they are sent so as to reach headquarters before 7:30 o'clock Thursday night, but many consider it the best plan to drop the ballots into the box provided for that purpose at headquarters.

George B. M'Cutcheon Story Is Picturized

Sheridan Redpath, the hero of George Barr McCutcheon's story, "Sherry," which Edgar Lewis has photodramatized and which is playing today for the last times at the Glendale Theatre, was the talk of the town. He was held up as a shining example of what a young man should not be.

But before the final reel of "Sherry" is unwound, he is the hero of the town, and the particular hero of the prettiest and most popular girl, for romance is not lacking in this McCutcheon story of youth and adventure. Pot O'Malley is entrusted with the title role.

The feature drew forth much favorable comment from the audiences which attended the Glendale yesterday. It appears again today and tonight in conjunction with "Pinning It On," a comedy, the latest Pathe Review and "Yoking the East and West."

"Sweet and Low," is the organ number beautifully played by Madame Clement.

Moving Picture Of Missouri Picnic, Plan

It has just been arranged to have a moving picture film made of Missouri picnic to be held at Sycamore Grove, Thursday, February 24. The picture will be used in Los Angeles and probably in all parts of southern California, and perhaps in Missouri to awaken interest in the great Centennial and Homecoming to be held in the summer. All Missourians present will appear in picture and no Missourian should miss this opportunity to make a splendid showing for the old home state, says the committee.

COMPANIES WIN THEIR CASE

Wooden shipbuilding companies won their case when they appeared before the Shipping Board and argued for prompt settlement of all outstanding claims. Many of the companies faced bankruptcy if the government refused to pay amounts due, it was shown. The total sum involved is between $6,000,000 and $10,000,000.

ALL BUT TWO ARE CLOSED

All but two of South Dakota's gold mines were closed in 1920 because of the high cost of mining. The two mines operated produced gold to the value of $4,339,000. Production of all mines in 1918 exceeded $6,500,000.

The Louisville, Kentucky, Live Stock exchange has launched a campaign to encourage farmers to revive the live stock industry.

LURED TO SCREEN

IRVIN S. COBB, WRITER, TO DESERT LECTURE PLATFORM TO PEN SUB-TITLES

"Peck's Bad Boy," starring Jackie Coogan, which was filmed principally in the Glendale business district, will be edited and titled by Irvin S. Cobb, the famous humorist.

As a result of this work, Cobb will have to postpone his lecture and speaking tour. This is his first experience with the "movies."

Jackie Coogan, who is now appearing with Charlie Chaplin in "The Kid" at Los Angeles, will be remembered by many Glendale youngsters as the one who had about all of the dogs in town and their little masters at the corner of Broadway and Brand the latter part of January for one of the bad boy scenes.

Canines in Riot Scene

And Jackie howled in glee when sixteen or more of the canines started a riot. If the fun in the picture is equal to that in the filming, Glendale people will be more than interested in seeing it.

Practically all of the exterior scenes for the picture were "shot" in Glendale, a number of the local business houses figuring in the action.

The director of the picture made the statement that Glendale is a model city and that was why it was decided to use it for the exterior views.

TO KILL OWN CATTLE

Farmers of Williamsport, Maryland, are planning to kill their own cattle and sell the meat at a co-operative store to be opened there. They say that they will sell all cuts of beef at an average price of 14 cents, and make a reasonable profit, after deducting the expense of killing and marketing.

OFFICIAL ISSUES WARNING

Anthony Caminetti, commissioner general of immigration, has returned from a two months' tour of Europe. He reports that unless precautions are taken to keep diseased immigrants from obtaining vises that receiving stations in this country will soon be obliged to contend with a very large number of typhus cases.

PROFITS OF ARMOUR COMPANY

The Armour company, one of the members of the "Big Five" group of meat packers, has announced that its 1920 sales totaled $900,000,0000 and that the net profit was within a few dollars of $5,320,000.

Toys Next Christmas Cheaper, Is Declared

NEW YORK—American toys will be cheaper this year, the Toy Exhibitors of America announced at their annual fair, which was attended by 250 toy manufacturers. It was explained that price reductions would be necessary to meet European competition.

Officials of the exhibitors' association said the toy industry now ranked as the sixth largest in the United States and close to 500 manufacturers are engaged in the business. During 1920, $50,000,000 worth of business was contracted for, they said. At present 800,000 men are employed.

Chinese bankers have agreed to finance the purchase of rolling stock for China's railroads. Bids on locomotives and cars will be asked soon.

Resolution Of Intention No. 1162

RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE DAYTON COURT AND CERTAIN STREETS AND ALLEYS INTERSECTING THEREWITH IN THE CITY OF GLENDALE AND DESCRIBING THE DISTRICT TO BE ASSESSED TO PAY THE COSTS AND EXPENSES OF SAID IMPROVEMENT AND PROVIDING BONDS FOR THE PAYMENT OF SAME.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE:

SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Glendale to order the following work and improvement to be done, to-wit:

First: That Dayton Court between the southerly curb line of California Avenue and the northerly curb line of Wilson Avenue; including all intersections of streets or alleys except those portions as are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with plans and cross-sections No. 398, Profile No. 734 and Specifications for said work adopted by Resolution No. 1157 of the Board of Trustees of the City of Glendale and known as Specifications No. 34.

Second: That a cement sidewalk of the width of four (4) feet be constructed along each side of Dayton Court from the southerly curb line of California Avenue to the northerly curb line of Wilson Avenue, except where sidewalk is already constructed to the official line and grade. Said work to be done in accordance with plans and cross-sections No. 398. Profile No. 734 and Specifications for said work adopted by Resolution No. 1157 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Third: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications (except said curbs shall have a depth of twelve (12) inches) be constructed along each side of the roadway of Dayton Court from the southerly curb line of California Avenue to the northerly curb line of Wilson Avenue, including all returns at all intersecting streets or alleys, except where said curbs have already been constructed to the official line and grade. Said curbs shall be constructed in accordance with plans and cross-sections No. 398, Profiles No. 734 and in accordance with Specifications for said work adopted by Resolution No. 1157 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Fourth: That all of the roadway of Dayton Court between the curb lines from the southerly curb line of California Avenue to the northerly curb line of Wilson Avenue, including all intersections of streets and alleys be oiled and surfaced in accordance with plans and cross-sections No. 398, Profile No. 734 and Specifications for said work adopted by Resolution No. 1157 of the Board of Trustees of the City of Glendale and known as Specifications No. 34.

SECTION 2: That said contemplated work or improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described and said Board of Trustees hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof is all that portion of said City included within the following exterior boundary lines, to-wit:

Beginning at a point on the northerly line of Lot 2 of the Byram Tract as per Map recorded in Book 12, Page 46 of Maps, Records of Los Angeles County, California, said point being one hundred and seventy-eight hundredths (100.78) feet west of the westerly line of Dayton Court; thence southerly and parallel to the westerly line of Dayton Court distant one hundred and seventy-eight hundredths (100.78) feet westerly therefrom across Lots 2, 4, 6, 8, and 10, of said Byram Tract to the northwesterly corner of Lot 32, Block 3 of the Town of Glendale Tract as per map recorded in Book 21, Pages 89 and 90, Miscellaneous Records of Los Angeles County, California; thence southwesterly along the westerly lines of Lots 32, 31, and 30, Block 3, of said Town of Glendale Tract to the southwesterly corner of said Lot 30; thence southerly in a direct line across an alley to the northwesterly corner of Lot 29, Block 3 of said Town of Glendale Tract; thence southerly along the westerly line of Lots 29, 28 and 27, Block 3, of said Town of Glendale Tract to the northerly line of Wilson Avenue; thence easterly along the northerly line of Wilson Avenue to the northwesterly corner of Dayton Court and Wilson Avenue; thence easterly in a direct line across Dayton Court to the northeasterly corner of Dayton Court and Wilson Avenue; thence easterly along the northerly line of Wilson Avenue to the northwesterly corner of Wilson Avenue and Cedar Street; thence northerly along the westerly line of Cedar Street to the southwesterly corner of Cedar Street and California Avenue; thence westerly along the southerly line of California Avenue to the southeasterly corner of California Avenue and Dayton Court; thence westerly in a direct line across Dayton Court to the southwesterly corner of Dayton Court and California Avenue; thence westerly along the southerly line of California Avenue to the point of beginning, excepting therefrom any portion of any public street or alley which may be included in the above described district. Reference is hereby made to Map. No. 385 in which the assessment district referred to is shown within red colored border lines.

SECTION 3. The Board of Trustees of the City of Glendale determines that serial bonds shall be issued to represent assessments of Twenty-five ($25.00) Dollars or over for the costs of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year at the rate of seven per cent per annum on all sums unpaid until the whole of said principal and interest is paid.

All of the herein proposed work shall be done in pursuance of an act of the Legislature of the State of California, designated as the "Improvement Act of 1911," approved April 7, 1911, and the amendments thereto.

SECTION 4. Notice is hereby given that the 10th day of March, 1921, at the hour of eight (8) o'clock p. m. of said day at the Council Chamber of the Board of Trustees of said City of Glendale, in the City Hall situated at the northwest corner of Broadway and Howard Streets in said City, is hereby fixed and designated as the day, hour and place, when and where any and all persons having any objections to the proposed work or improvement herein designated, may appear before said Board of Trustees, and show cause if any they have why said proposed improvement should not be carried out in accordance with the provisions of this resolution of intention.

SECTION 5. The City Engineer is directed to make a diagram of the property affected or benefited by the proposed work or improvement as described in this Resolution of Intention and to be assessed to pay the cost and expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet in each of said lots, pieces or parcels of land, the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 6. All Maps, Cross-Sections, Plans and Profiles referred to in this Resolution are on file in the office of the City Engineer of said City. All specifications referred to in this Resolution are on file in the office of the City Clerk of said City. Said Map, Plans, Cross-Sections, Profiles and Specifications are hereby referred to for a more particular description of said work and made a part hereof.

SECTION 7. The Glendale Evening News, a daily newspaper of general circulation published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the persons required by law.

SECTION 8. The Superintendent of Streets of said City, shall cause to be conspicuously posted along the line of said contemplated work or improvement, and along all the open streets within the above described assessment districts notices of the passage of this Resolution of Intention in the manner and form required by law.

SECTION 9. The City Clerk of said City of Glendale is hereby directed to cause this Resolution of Intention to be published by two insertions in the manner required by law, in said Glendale Evening News.

Adopted and approved this 17th day of February, 1921.

DWIGHT W. STEPHENSON,
President of the Board of Trustees of the City of Glendale.

ATTEST:
J. C. SHERER,
City Clerk of the City of Glendale.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE—SS.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing Resolution was duly adopted by the Board of Trustees of the City of Glendale. STRIKE IN MEXICO

GENERAL WALKOUT IN RAILWAY SYSTEM TO TEST STRENGTH OF OBREGON GOVERNMENT

MEXICO CITY, Feb. 23.—A general railway strike threatened today to test the strength of the new Obregon government. President Obregon met the threat of strike by stationing troops in railway offices here and despatching others to take possession of outlying stations. Much damage already has been inflicted on railway property.

Workers late yesterday tore up a long section of the Colina road to the west coast, scattering ties and rails and effectively stopping traffic.

Damage Is Reported

Several telegraph stations were entered, instruments being destroyed and the building damaged.

The general labor situation has been disquieting for months and it was brought to a crisis during the recent Pan-American labor congress here when radicals protested that Mexican delegates did not represent Mexican labor.

Reports have been current that the radicals were being financed from the outside. It was believed that a railway strike would be followed quickly by demonstrations in other lines of work.

Extensive experiments have shown that water glass or lime water are the best preservatives for eggs.

FOR MONTE VISTA

MRS. ELLA F. MEEKER, HEAD OF LOCAL COMMITTEE, MAKES STATEMENT

The Evening News is in receipt of the following self-explanatory communication from Mrs. Ella F. Meeker, chairman of the local committee for the Monte Vista vacation home for undernourished children of Los Angeles county:

Editor The Evening News—There is a misapprehension concerning the Monte Vista vacation home for undernourished children of Los Angeles county. This misunderstanding has grown out of an entirely unfounded rumor to the effect that big-hearted inexperienced women bought this property, and it can not be made habitable for the purpose for which it was purchased. The facts of the case are:

The women did not have anything to do with the investigating or purchasing of this property. Here is the business transaction: Mr. Conaway, councilman of Los Angeles city, and chairman of the finance committee, Ralph Criswell, councilman, D. Joseph Coyne, chairman of the social service commission, O. P. Backus, city building inspector of Los Angeles, were sent by Mayor Snyder and the city council to investigate and appraise the Monte Vista property, for a vacation home for undernourished children of the county. The Los Angeles city council unanimously accepted the report, and Mayor Snyder authorized D. Joseph Coyne to purchase the property and $3500 was loaned to make the first payment. In the meantime the council of community service of California was incorporated, under the state laws of California, and they paid the $3500 back, and the deed now held in trust by the city will be turned over to the council of community service, and they will make the final payments.

Home Being Remodeled

This vacation home is being remodeled and made sanitary and modernized, according to plans and specifications made by O. P. Backus, Los Angeles city building inspector, and when finished will comply with the state, county and city laws. All the work is being directed from this office in the city hall, and open to inspection.

"The Merchants' Plumbing association is putting in the plumbing under the building inspector, and an up-to-date furnace is to be installed. The rooms are being furnished by various towns and organizations, which have been mentioned before in The Evening News. Glendale is pledged to furnish the kitchen, and without personal solicitation the following generous hearted people have contributed sums from $5 to $10. Chapter L., P. E. O., Chapter B. A., P. E. O., Mrs. Harriet Grace Turner, Tuesday Afternoon club, Mrs. Clotworthy's Card club, Dr. Chase. Mrs. Doxsee Mothers' class of the Baptist church gave a kitchen shower of small accessories, and Mrs. Hayward, muffin pans. The Bentley-Schoeneman Lumber company gave the lumber for the kitchen floor at cost. We have on hand $40 in cash. This will not go very far in fitting up a modern kitchen to take care of 100 children. We feel it would be unfair to make a house to house appeal, knowing the many worthy calls made upon people at present, for the starving children of Europe, our soldier boys, etc.

Patriotism and Love

But I know Glendale will not fall down in the call of our little ones. This is a strictly non-sectarian home. Anything that anyone can do, then, to help in the furnishing and equipping of this home for the betterment of future citizens, is an act of patriotism as well as an act of Christian love for the little children, so dear to the heart of the Master. He said, 'Inasmuch as ye have done it unto the least of these my brethren, ye have done it unto Me."

If any club, fraternity or organization will get up a benefit or allow us to use their club home to raise funds with which to equip this kitchen, I know the following ladies of this committee will do all in their power to make it a success: Mrs. E. W. Kinney, Mrs. Lillian Dow, Mrs. Stephen Packer, Mrs. Stearns, Mrs. Belew, Mrs. Charles Parker, Mrs. Clotworthy, Mrs. Calkins, Miss Gibbs, Mrs. Turner and Mrs. Ella F. Meeker, chairman.

MRS. ELLA F. MEEKER,

Pleasing Comedy Is Palace Grand Film

The most delightful comedy seen here in some time is "Brewster's Millions," the new Paramount picture starring Roscoe "Fatty" Arbuckle, which is again the feature of the program for the last times today and tonight at Jensen's Palace Grand.

This famous story was presented as a Lasky feature several years ago but never has it ever been so delightfully presented as in this new screen version with "Fatty" as Monte Brewster.

A capable cast includes Betty Ross Clark, leading woman and Fred Huntley, James Corrigan, Jean Acker, Marion Skinner, Charles Ogle, Neely Edwards, William Boyd and Parker McConnell, most of whom are well known in Glendale.

Booth Tarkington's comedy, "Edgar's Best Pet," proved full of laughs while the other features, including the jazz orchestra, were well received at yesterday's performances.

hospital wards. Mr. Kieffer will get any parties interested in touch with those who will co-operate at the hospital.

Then, too, there are magazines which some of the service men would enjoy. However, to avoid duplication, it is suggested that people agree to furnish those on a list which will be printed shortly. In this way the boys will get what they want and the gifts will be appreciated.

Guests of Pasadena Elks

To show what others are doing, on Friday 150 of the disabled service men, including some from Thornycroft, were guests of the Pasadena Elks' lodge for luncheon and later taken to San Gabriel to see Frederick Warde in the Mission Play.

Last Thursday night they were entertained at the hospital here by a jazz orchestra from Los Angeles and several professional and amateur vaudeville acts. Recently many citizens locally have called on the boys and taken them delicacies. They appreciate such visits highly.

For those who have been anywhere from ten to thirty months on the hospital list, seeking hither and yon to recover their health, lost through sickness, gas, shell shock or wounds, the life in bed proves irksome and—if they are lucky enough to be up and around—the fact that they can't do as they will, proves more irksome regardless of the care or fare accorded them by the authorities.

The boys are well satisfied here, but they like visitors and entertainment and extra special "eats." And the Evening News, working in conjunction with Commander Kieffer of the Legion, will keep their needs before the good people of Glendale.

house will be under way, and the plan as presented by Mrs. Montgomery will be of great financial assistance to anything of this kind, it is expected. The plan consists of two captains being appointed, who with their assistants will collect papers and magazines from the homes of members.

Mrs. Hutchinson then spoke of a luncheon which will be given to members in March, at which time the question of whether or not a clubhouse shall be erected this year will be taken up.

Arnold Krauss, the accomplished and talented violinist was then introduced and rendered three violin solos, accompanied on the piano by Miss Gertrude Champlain, much to the satisfaction of the members, who responded heartily with encores and gave a rising vote of thanks to Mr. Krauss and Miss Champlain at the close of their selections. The numbers played were:

(Mendelssohn), Concerto; (Chopin-Sarasate), Nocturne; encore (Mozart's), Minuet.

Mrs. Hutchinson then introduced Miss Darlow of the Los Angeles public library, who gave a most delightful and entertaining review of Percy McKaye's play "Washington, the Man Who Made Us," which gave a review of the history of George Washington.

STOP, LOOK, LISTEN

The absolutely appalling number of railroad grade crossing accidents during the year 1920 should serve as a reminder to all that it doesn't pay to argue the right of way with a locomotive. The figures compiled by railroads and other statistical authorities show that California drivers are among the safest and sanest in the nation, our state standing twenty-third on the list of deaths in proportion to the number of automobiles owned. However, as long as anybody is killed there is room for great care. One death is just one too many. There is nobody in such haste that he cannot stop, look and listen at railroad crossings. In fact the accidents are seldom the result of too much haste, the fast driver usually being aware that his speed means danger and taking better care than the driver who is in no particular hurry and is driving along half asleep or engaged in conversation. One of the best rules for avoiding trouble at railroad crossings is to come to a dead stop. A little gear shifting and a little energy used up in taking a long look in each direction is considerably cheaper in the long run than funeral expenses.

Blazing Coal Under City of Scranton, Pa.

SCRANTON—A red hot coal, ten feet in thickness and at least 500 feet in length, is blazing 400 feet under Scranton.

The fire is located in the abandoned workings of the old Central mine, West Scranton, and is steadily creeping eastward, consuming in its course thousands of tons of anthracite. All efforts of 200 fire fighters to extinguish the fire or even to check its progress, have, up to the present, been of no avail. Seven streams of water have for weeks been pouring upon the burning coal with no apparent result, the water causing frantic vapors in the white heat which serve only to hamper the work of the fire fighters, already hampered enough by the heat and poisonous gases issuing from the burning coal.

The firemen enter the mine through a shaft two miles away. They are unable on account of the terrible heat, to venture any nearer the fire than 500 feet. A perpendicular air-shaft, located directly above the fire and communicating with the open air 400 feet above affords a draft greater than that of the most towering smokestack. Grave danger confronts the men fighting the flames, as a sudden depression in the atmospheric conditions above might send the sulphurous gases backward, resulting in suffocation.

From a distance, with the aid of glasses, can be seen an inferno in which old Pluto himself might luxuriate. There are in a wilderness of fire, with low hanging ceilings, wide crevices from which issue blue and white flames. The heat is unbearable.

All faith in the efficacy of water to extinguish the flames has been abandoned, and the erection of walls to exclude air and cause the fire to die of enert gas is the plan of the fire fighters, following an investigation by a commission from the state department of mining. Concrete walls four feet thick, are being built in all tunnels and crevices leading to the fire.

In sections of adjacent veins, remote from the scene of the fire, temperatures of 170 degrees Fahrenheit have been recorded as a result of the fire.

The abandoned mines of the Peoples' Coal company, communicating with the Central mine, where the fire is located, contain large quantities of gas. If the fire should come in contact with this gas, an explosion would result, the effects of which are incalculable, according to experts. There is no immediate danger of this the experts add comfortingly.

Four-Year-Old City Claims 7000 People

LYNCH, Ky.—This city is less than four years old and has a population of approximately 7000 persons, concrete streets and roads, a department store that compares favorably with those of much larger cities, a $300,000 hotel, a $1,000,000 bank, the largest coal tipple in the world, and an eighty-five bed hospital and a church of every denomination represented in eastern Kentucky. In the opinion of R. B. Clayton, secretary of the Harlan County Coal Operators' association, it will be the model mining camp of the country within two more years.

Sitting at the head of the valley of the Poor Fork of the Cumberland river, forty miles above the point where it joins the Clover fork at Harlan to form the main stream, the town is the base of what is said will be the largest coal operation in the Cumberland mountains when it is completed.

Model cottages for miners and officials are being erected as rapidly as possible. These homes have every modern convenience and are rented at the rate of $2 per room for houses which are not heated from the central powerhouse and at a figure based on the rate of $2 per room plus the cost of radiation for homes heated with steam.

The only general store in the community rivals in its appointments and stock any department store in the largest cities of the country.

A $300,000 hotel has been erected on the highest accessible point in the valley. It is equipped throughout with all modern conveniences.

ACREAGES FOR SETTLEMENT

That Riverside county has 13,587 acres of land available for settlement, to be supplied with water by works either completed or under construction, and that San Bernardino county has 8679 similar acres, was made known through word received from the director of census in Washington.

The same statement shows that between 1910 and 1920 the irrigated acreage in Riverside county increased from 71,436 to 108,336, and in San Bernardino county jumped from 70,278 to 105,481 acres.

In 1910 the acreage in San Bernardino county to be irrigated by works either completed or under construction was 152,415 and had increased to 186,784 acres in 1920. In Riverside county the acreage to be irrigated in 1910 either by works completed, or under construction stood at 210,452 and in 1920 had increased to 230,144.
